New Business

- CPT. Blackmon and Chief Burdine spoke to group about current CPD needs. Talked about how CPD is considered a young department since COVID, putting the right people in right spots (lots of movement currently), and keeping up w/pay scale issues. Looking to improve on customer service, Professional accountability, and technology (AI). Current staffing is down, but so is most all crime except Juvenile Crime is increasing. Have a wellness Unit staffed with one LCSW and a grant capability possible for another wellness counselor. One of Chief Burdine's goals is Mental Health and well-being for his officers. Received a \$10k grant from Hankook being used for the wellness program and they are looking at a K-9 Service/Support animal to be used in LCSW therapy work for officers (not to be deployed to

scenes) and maintained by the wellness program LCSW on staff. Ultimate Canine (Indiana) is where the canine will be purchased. \$20k for the canine, officer certification to handle, insurance, and \$5k yearly to recertify officers. CPD will retrofit a vehicle as needed and Montgomery County Animal Control has offered to provide veterinary care for canine (minus prescription cost). Guest Departed.
